What, if any, international opportunities does your institution offer to your faculty?

- Sabbaticals
- Research
- Medical education
- Clinical services

These are available to our faculty, but the faculty seek them out. I would not say they are 'offered' by our institution.

In which geographic region(s) have your faculty members been assigned?

- Africa: Sub-Saharan
- North Africa/Middle East
- Central Asia
- East Asia/Pacific
- South Asia
- Central America/Caribbean
- North America
- South America
- Eastern Europe
- Western Europe

Again, these are areas our faculty and students work, not that they have been 'assigned'

Are any of these opportunities available to faculty from other domestic institutions?

What, if any, opportunities does your institution offer to faculty from abroad?

- Sabbaticals
- Research
- Medical education

From which geographic region(s) have these faculty come?

- East Asia/Pacific
- South Asia
- Central America/Caribbean

The Center for International Community Health Studies has provided training for health professionals from many regions of the world, but not all have been 'faculty'

What, if any, international opportunities does your institution offer to your medical students?

Pre-travel preparatory course
Pre-clinical research
Language/cultural immersion
Pre-clinical 'spring break' or summer opportunities
Clinical electives
Clinical research opportunities

In which geographic region(s) have your medical students been placed?	<ul style="list-style-type: none"> • Africa: Sub-Saharan • North Africa/Middle East • East Asia/Pacific • South Asia • Central America/Caribbean • North America • South America • Eastern Europe • Western Europe
Are any of these opportunities available to medical students from other domestic institutions?	No
What, if any, opportunities does your institution offer to medical students from abroad?	Pre-clinical research
From which geographic region(s) have these medical students come?	Central America/Caribbean
What, if any, international opportunities does your institution offer to your medical residents?	Elective international rotations
In which geographic regions(s) have your medical residents been placed?	<ul style="list-style-type: none"> • South Asia • Central America/Caribbean • South America
Are any of these opportunities available to medical residents from other domestic institutions?	No
What, if any, opportunities does your institution offer to medical residents from abroad?	I am not positive, but I don't think we accept medical residents from abroad.
With which entity(ies) does your institution collaborate to provide international opportunities?	<ul style="list-style-type: none"> • Other medical schools • Other universities • Non-governmental organizations (e.g., IREX, World Bank, WHO) <p>Work mostly with local universities and NGOs in country</p>
From what external sources do you receive funding for your international activities?	Individual donors
From what internal sources do you receive funding for your international activities?	Occasionally we get individual donations for specific projects, but this is rare. We used to have some federal education grants but it has been many years (15) since these funds were available.
From what internal sources do you receive funding for your international activities?	Dean
From what internal sources do you receive funding for your international activities?	Used to have institutional research overhead allocated to provide student stipends for research, but this year this money was not available
Approximately how many faculty members at your institution participate in organized and established international opportunities?	1 - 5
